Subject: RE: Tweed Drinking Water System Inspection Report Delivery
Attachments: 110c - ECHO DWMRS Inspection Rating Report Tweed DWS.pdf

Good afternoon,

As follow-up to the distribution of the inspection report for Tweed Drinking Water System (below), please find attached the corresponding Inspection Rating Report (IRR) and Risk Methodology document ([Application of the risk methodology used for measuring municipal drinking water system inspection results | ontario.ca](#)).

The IRR is a summarized quantitative measure of the drinking water system's annual inspection and is published in the Ministry's Chief Drinking Water Inspector's Annual Report. The Risk Methodology document describes the risk rating methodology which has been applied to the findings of the Ministry's municipal residential drinking water system inspection results.

If you have any questions or concerns regarding the rating, please let me know. I would be pleased to answer any questions or provide additional clarification.

Thank you,

Shayna Maracle
Water Compliance Officer

Subject: Tweed Drinking Water System Inspection Report Delivery

Please find attached an electronic copy of the report documenting findings of an inspection of the Tweed drinking water system conducted on July 26, 2023.

The attached file opens with a covering letter that draws your attention to one section of the report, namely "Non-compliance/Non-conformance Items", which if found, may cite due dates for the submission of information or plans to my attention.

I wish to thank Amber Coupland and Derek Chapman for the professionalism afforded to me during the conduct of my inspection of the drinking water system.

Please respond to this email to confirm your receipt of the inspection report.

Should you have any questions please do not hesitate to call me.

Thank you,

Shayna Maracle
